NEW HOPE FOR SOUTH SUDAN

Psalms 9:9-10 (NIV)

“The Lord is a shelter for the oppressed, a refuge in times of trouble. Those who know your name trust in you, for you, O Lord, do not abandon those who search for you.”

Dear Friends of Galcom,

During the time Nehemiah Trumpet Call (NTC) Gospel Radio was established in 2003, the country of Sudan was still in a state of war¹. Most churches in what is now known as South Sudan were destroyed by Islamic forces from the north that were violently committed to destroying the church of Jesus Christ and driving Christians into exile. The goal of the radio station established over 13 years ago was to bring the pure Word of God undiluted and Christ centered. The Gospel message shared on Nehemiah Trumpet Call 97.3 FM is aired in the languages of Madi (which is the main language spoken in the area), Acholi, and English. There is an array of programs, and individuals and families are encouraged to give their testimonies on the air and share what God is doing in their lives and their communities.

“People from all walks of life are hearing the Gospel in their own languages, driving them to repentance from their sins and embracing salvation only found in Jesus Christ. Thank God for Galcom”

- Rev. William Levi
Founder & Overseer

Operation Nehemiah Missions International, Inc

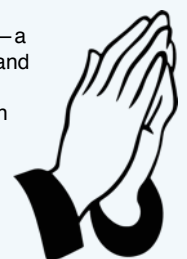

LIVES ARE CHANGED WHEN PEOPLE HEAR THE WORD OF GOD

Intercessors' Corner²

Nehemiah's Trumpet Call Radio Station – Pray that...

- Unity comes to the people of South Sudan—a unity that transcends tribal barriers, greed and corruption.
- God will continue to reveal practical mission strategies to the radio staff under the leadership of William Levi.
- NTC radio would be successful in broadcasting via shortwave to expand to the rest of the country.

South Sudan is still in desperate need of the redemptive message of Jesus Christ. Many of you may have heard the news reports of the most recent civil unrest. Unfortunately, the country's five-year anniversary on July 9th broke out in violence in the city capital of Juba. The new nation is still searching for peace where religious and tribal warfare abound. Nehemiah Trumpet Call understands that reconciliation is brought by the Prince of Peace alone and his name is Jesus! Galcom radios tuned to the Gospel message in the hands of the South Sudanese are providing immeasurable hope during these difficult times. Some time ago, William Levi, the founder and overseer of Operation Nehemiah Missions International, Inc, wrote to our office:

God has used Galcom International tremendously in helping Operation Nehemiah to implement the vision of Nehemiah Trumpet Call Gospel Radio station 97.3 FM in the South Sudan. Since 2003, Galcom has not only supplied us freely with solar driven fix tuned radio receivers, it has also given us technical advice in setting up the Gospel radio station that is now reaching out to over 1 million people across the South Sudan and Northern Uganda with the Gospel of Jesus Christ. People's lives have been transformed for Jesus Christ. The Gospel has been preached over the airwaves of East Africa and the Nile valley. People from all walks of life are hearing the Gospel in their own languages, driving them to repentance from their sins and embracing Salvation only found in Jesus Christ. Thank God for Galcom³.

← Galcom's ImpaX players (solar-powered radios + audio Bibles) are treasured items in South Sudan.

Over five million people in the region, including northern Uganda, can now be reached by this radio station. With the help of Galcom donors, we have been able to donate over 7,000 solar-powered radios fix-tuned to Nehemiah's Trumpet Call radio station, including a recent complement of 500 new audio-Bible capable ImpaX units. The people of South Sudan can now hear the Word of God on 97.3 FM Nehemiah Trumpet Call and also listen to the entire Bible from Genesis to Revelation!

Galcom is blessed to have missionary partners in South Sudan like William Levi and his team. Please join us in praying for them and for those they are reaching for Christ in Africa. Thank you, Galcom donors, for making Galcom's growing global outreach possible. Your continued partnership with us is greatly appreciated.
